EVIDENCE OF COVERAGE

This Evidence of Coverage, including any attachments, amendments and riders, is a part of the Group Contract issued to the Group through which the Subscriber is enrolled for health benefits. In addition, the Group Contract includes other provisions that explain the duties of CareFirst and the Group. The Group's payment and CareFirst's issuance make the Group Contract's terms and provisions binding on CareFirst and the Group.

CareFirst provides administrative claims payment services only and does not assume any financial risk or obligation with respect to those claims.

The Group reserves the right to change, modify, or terminate the Plan, in whole or in part. Members have no benefits after a Plan termination or partial Plan termination affecting them, except with respect to covered events giving rise to benefits and occurring prior to the date of Plan termination or partial Plan termination and except as otherwise expressly provided, in writing, by the Group, or as required by federal, state or local law.

Members should not rely on any oral description of the Plan, because the written terms in the Group's Plan documents always govern.

DEFINITIONS

The Evidence of Coverage uses certain defined terms. When these terms are capitalized, they have the following meaning:

Allowed Benefit means:

1. **Contracted Health Care Provider:** For a Health Care Provider that has contracted with CareFirst, the Allowed Benefit for a Covered Service is the lesser of the actual charge which, in some cases, will be a rate set by a regulatory agency; or the amount CareFirst allows for the service in effect on the date that the service is rendered. The benefit is payable to the Health Care Provider and is accepted as payment in full, except for any applicable Member payment amounts, as stated in the Schedule of Benefits.
2.
 - a. **Non-contracted health care practitioner:** For a health care practitioner that has not contracted with CareFirst, the Allowed Benefit for a Covered Service is determined in the same manner as the Allowed Benefit for a Health Care Provider that has contracted with CareFirst. The benefit is payable to the Subscriber or to the health care practitioner, at the discretion of CareFirst. If CareFirst pays the Subscriber, it is the Member's responsibility to pay the health care practitioner. Additionally, the Member is responsible for any applicable Member payment amounts, as stated in the Schedule of Benefits, and for the difference between the Allowed Benefit and the health care practitioner's actual charge.
 - b. **Non-contracted hospital or health care facility:** For a hospital or health care facility that has not contracted with CareFirst, the Allowed Benefit for a Covered Service is based upon the lower of the provider's actual charge or the established fee schedule if one has been established for that type of eligible provider and service. If a fee schedule for the type of eligible provider and service has not been established, the Allowed Benefit will be based on facility reimbursement methodology. In some cases, and on an individual basis, CareFirst is able to negotiate a lower rate with an eligible provider. In that instance, the CareFirst payment will be based on the negotiated fee and the provider agrees to accept the amount as payment in full except for any applicable Member payment amounts, as stated in the Schedule of Benefits. The benefit is payable to the Subscriber or to the hospital or health care facility, at the discretion of CareFirst. If CareFirst pays the Subscriber, it is the Member's responsibility to pay the hospital or health care facility. Additionally, the Member is responsible for any applicable Member payment amounts, as stated in the Schedule of Benefits and, unless negotiated, for the difference between the Allowed Benefit and the hospital or health care facility's actual charge.

Adverse Decision means a utilization review determination that a proposed or delivered health care service covered under the Claimant's contract is or was not Medically Necessary, appropriate, or efficient; and may result in non-coverage of the health care service.

Ancillary Services means facility services that may be rendered on an inpatient and/or outpatient basis. These services include, but are not limited to, diagnostic and therapeutic services such as laboratory, radiology, operating room services, incremental nursing services, blood administration and handling, pharmaceutical services, Durable Medical Equipment and Medical Supplies. Ancillary Services do not include room and board services billed by a facility for inpatient care.

Benefit Period means the period of time during which Covered Services are eligible for payment. The Benefit Period is: July 1st through June 30th.

Additionally, Covered Services in the Schedule of Benefits that state “Direct Access Service” do not require a POSPCP referral to receive in-network benefits. 1. Serious jeopardy to the mental or physical health of the individual; or
2. Danger of serious impairment of the individual's bodily functions; or
3. Serious dysfunction of any of the individual's bodily organs; or
4. In the case of a pregnant woman, serious jeopardy to the health of the fetus.

Examples might include, but are not limited to, heart attacks, uncontrollable bleeding, inability to breathe, loss of consciousness, poisonings, and other acute conditions as CareFirst determines.

These health care services or supplies are:

1. In accordance with generally accepted standards of medical practice;
2. Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for a patient's illness, injury or disease;
3. Not primarily for the convenience of a patient or Health Care Provider; and
4. Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results in the diagnosis or treatment of that patient's illness, injury, or disease.

Physical Therapy is the treatment of disease or injury through the use of therapeutic exercise and other interventions that focus on improving a person's ability to go through the functional activities of daily living, to develop and/or restore maximum potential function, and to reduce disability following an illness, injury, or loss of a body part. The contracted POSPCP has the obligation of referring Members within the Preferred Provider network.

Preferred Provider means a Health Care Provider who contracts with CareFirst to be paid directly for rendering Covered Services to Members. The contracted Preferred Provider has the obligation of referring Members within the network. Preferred Provider relates only to method of payment, and does not imply that any Health Care Provider is more or less qualified than another.

A listing of Preferred Providers will be provided to the Member at the time of enrollment and is also available from CareFirst upon request. The listing of Preferred Providers is subject to change. Members may confirm the status of any Health Care Provider prior to making arrangements to receive care by contacting CareFirst for up-to-date information.

As another example, a cancellation that voids benefits paid up to a year before the cancellation is also a Rescission for this purpose. A cancellation or discontinuance of coverage is not a Rescission if:

1. The cancellation or discontinuance of coverage has only a prospective effect; or
2. The cancellation or discontinuance of coverage is effective retroactively to the extent it is attributable to a failure to timely pay charges when due, by the Group.

Skilled Nursing Care rendered on an inpatient basis, means care for medically fragile Members with limited endurance who require a licensed health care professional to provide skilled services in order to ensure the Members’ safety and to achieve the medically desired result, provided on a 24-hour basis, seven days a week.
Skilled Nursing Care visits must be a substitute for hospital care or for care in a Skilled Nursing Facility (i.e., if visits were not provided, a Member would have to be admitted to a hospital or Skilled Nursing Facility).		
Skilled Nursing Care services must be based on a Plan of Treatment submitted by a Health Care Provider.		
Services of a home health aide, medical social worker or registered dietician may also be provided but must be performed under the supervision of a licensed professional (RN or LPN) nurse.		
Skilled Nursing Care is not Medically Necessary if the proposed services can be provided by a caregiver or the caregiver can be taught and demonstrates competency in the administration of same. The Types of Coverage available under this Evidence of Coverage are Individual, Individual and Child, Individual and Adult, Family.

ELIGIBILITY AND ENROLLMENT

2.1 Requirements for Coverage

The Group has the sole and complete authority to make determinations regarding eligibility and enrollment for membership in the Plan.

An eligible participant of the Group, and his or her Dependent(s) meeting the eligibility requirements established by the Group, may be covered under the Evidence of Coverage (see Eligibility Schedule) when all of the following conditions are met:

- A. The individual elects coverage;
- B. The individual is entitled to Medicare, if Medicare Complementary coverage applicable;
- C. The Group accepts the individual's election and notifies CareFirst; and,
- D. Payments are made on behalf of the Member by the Group.

2.2 Enrollment Opportunities and Effective Dates

Eligible individuals may elect coverage as Subscribers or Dependents, as applicable, only during the following times and under the following conditions. If an individual meets these conditions, his or her enrollment will be treated as timely enrollment. Enrollment at other times will be treated as special enrollment and will be subject to the conditions and limitations stated in Special Enrollment Periods. Disenrollment is not allowed during a contract year except as stated in section 2.2.A and as stated in the Termination of Coverage section of the Evidence of Coverage.

A. Open Enrollment Period

Open Enrollment changes will be effective on the Open Enrollment effective date stated in the Eligibility Schedule.

- 1. During the Open Enrollment period, all eligible persons may elect, change, or voluntarily disenroll from coverage, or transfer coverage between CareFirst and all other alternate health care plans available through the Group.
- 2. In addition, Subscribers already enrolled in CareFirst may change their Type of Coverage (e.g. from Individual to Family Coverage) and/or add eligible Dependents not previously enrolled under their coverage.

B. Newly Eligible Subscriber

A newly eligible individual and his/her Dependents may enroll and will be effective as stated in the Eligibility Schedule. If such individuals do not enroll within this period and do not qualify for special enrollment as described below, they must wait for the Group's next Open Enrollment period.

C. Special Enrollment Periods

Special enrollment is allowed for certain individuals who lose coverage. Special enrollment is also allowed with respect to certain dependent beneficiaries. Enrollment will be effective as stated in the Eligibility Schedule.

These special enrollment periods are not the same as Medicare special enrollment periods.

If only the Subscriber is eligible under this Evidence of Coverage and dependents are not eligible to enroll, special enrollment periods for a spouse/Dependent child are not applicable.

Special enrollment for certain individuals who lose coverage is not applicable to retirees, if retirees are eligible for coverage; otherwise, references to an employee shall be construed to include a retiree.

- a. Special enrollment for certain individuals who lose coverage:

- 1) CareFirst will permit current employees and dependents to enroll for coverage without regard to the dates on which an individual would otherwise be able to enroll under this Evidence of Coverage.
- 2) Individuals eligible for special enrollment.
 - i) When employee loses coverage. A current employee and any dependents (including the employee's spouse) each are eligible for special enrollment in any benefit package offered by the Group (subject to Group eligibility rules conditioning dependent enrollment on enrollment of the employee) if:
 - A) The employee and the dependents are otherwise eligible to enroll;
 - B) When coverage was previously offered, the employee had coverage under any group health plan or health insurance coverage; and
 - C) The employee satisfies the conditions of paragraph a.3)i), ii), or iii) of this section, and if applicable, paragraph a.3)iv) of this section.
 - ii) When dependent loses coverage.
 - A) A dependent of a current employee (including the employee's spouse) and the employee each are eligible for special enrollment in any benefit package offered by the Group (subject to Group eligibility rules conditioning dependent enrollment on enrollment of the employee) if:
 - 1) The dependent and the employee are otherwise eligible to enroll;
 - 2) When coverage was previously offered, the dependent had coverage under any group health plan or health insurance coverage; and
 - 3) The dependent satisfies the conditions of paragraph a.3)i), ii), or iii) of this section, and if applicable, paragraph a.3)iv) of this section.
 - B) However, CareFirst is not required to enroll any other dependent unless the dependent satisfies the criteria of this paragraph a.2)ii), or the employee satisfies the criteria of paragraph a.2)i) of this section.
- 3) Conditions for special enrollment.
 - i) Loss of eligibility for coverage. In the case of an employee or dependent who has coverage that is not COBRA continuation coverage, the conditions of this paragraph a)3)i) are satisfied at the time the coverage is terminated as a result of loss of eligibility (regardless of whether the individual is eligible for or elects COBRA continuation coverage). Loss of eligibility under this paragraph does not include a loss due to the failure of the employee or dependent to pay premiums on a timely basis or termination of coverage for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact). Loss of eligibility for coverage under this paragraph includes, but is not limited to:

- A) Loss of eligibility for coverage as a result of legal separation, divorce, cessation of dependent status (such as attaining the Limiting Age), death of an employee, termination of employment, reduction in the number of hours of employment, and any loss of eligibility for coverage after a period that is measured by any of the foregoing;
 - B) In the case of coverage offered through an HMO, or other arrangement, in the individual market that does not provide benefits to individuals who no longer reside, live, or work in a service area, loss of coverage because an individual no longer resides, lives, or works in the service area (whether or not within the choice of the individual);
 - C) In the case of coverage offered through an HMO, or other arrangement, in the group market that does not provide benefits to individuals who no longer reside, live, or work in a service area, loss of coverage because an individual no longer resides, lives, or works in the service area (whether or not within the choice of the individual) and no other benefit package is available to the individual;
 - D) A situation in which an individual incurs a claim that would meet or exceed a lifetime limit on all benefits; and
 - E) A situation in which a plan no longer offers any benefits to the class of similarly situated individuals that includes that individual.
- ii) Termination of employer contributions. In the case of an employee or dependent who has coverage that is not COBRA continuation coverage, the conditions of this paragraph are satisfied at the time employer contributions towards the employee's or dependent's coverage terminate. Employer contributions include contributions by any current or former employer that was contributing to coverage for the employee or dependent.
 - iii) Exhaustion of COBRA continuation coverage. In the case of an employee or dependent who has coverage that is COBRA continuation coverage, the conditions of this paragraph are satisfied at the time the COBRA continuation coverage is exhausted. For purposes of this paragraph, an individual who satisfies the conditions for special enrollment of paragraph a)3)i) of this section, does not enroll, and instead elects and exhausts COBRA continuation coverage satisfies the conditions of this paragraph.
 - iv) Written statement. The Group or CareFirst may require an employee declining coverage (for the employee or any dependent of the employee) to state in writing whether the coverage is being declined due to other health coverage only if, at or before the time the employee declines coverage, the employee is provided with notice of the requirement to provide the statement (and the consequences of the employee's failure to provide the statement). If the Group or CareFirst requires such a statement, and an employee does not provide it, the Group and CareFirst are not required to provide special enrollment to the employee or any dependent of the employee under this paragraph. The Group and CareFirst must treat an employee as having satisfied the

requirement permitted under this paragraph if the employee provides a written statement that coverage was being declined because the employee or dependent had other coverage; the Group and CareFirst cannot require anything more for the employee to satisfy this requirement to provide a written statement. (For example, the Group and CareFirst cannot require that the statement be notarized.)

b. Special enrollment with respect to certain dependent beneficiaries:

- 1) Provided the Group provides coverage for dependents, CareFirst will permit the individuals described in paragraph b.2) of this section to enroll for coverage in a benefit package under the terms of the Group's plan, without regard to the dates on which an individual would otherwise be able to enroll under this Evidence of Coverage.
- 2) Individuals eligible for special enrollment. An individual is described in this paragraph if the individual is otherwise eligible for coverage in a benefit package under the Group's plan and if the individual is described in paragraph b.2)i), ii), iii), iv), v), or vi) of this section.
 - i) Current employee only. A current employee is described in this paragraph if a person becomes a dependent of the individual through marriage, birth, adoption, or placement for adoption.
 - ii) Spouse of a participant only. An individual is described in this paragraph if either:
 - A) The individual becomes the spouse of a participant; or
 - B) The individual is a spouse of a participant and a child becomes a dependent of the participant through birth, adoption, or placement for adoption.
 - iii) Current employee and spouse. A current employee and an individual who is or becomes a spouse of such an employee, are described in this paragraph if either:
 - A) The employee and the spouse become married; or
 - B) The employee and spouse are married and a child becomes a dependent of the employee through birth, adoption, or placement for adoption.
 - iv) Dependent of a participant only. An individual is described in this paragraph if the individual is a dependent of a participant and the individual has become a dependent of the participant through marriage, birth, adoption, or placement for adoption.
 - v) Current employee and a new dependent. A current employee and an individual who is a dependent of the employee, are described in this paragraph if the individual becomes a dependent of the employee through marriage, birth, adoption, or placement for adoption.
 - vi) Current employee, spouse, and a new dependent. A current employee, the employee's spouse, and the employee's dependent are described in this paragraph if the dependent becomes a dependent of the employee through marriage, birth, adoption, or placement for adoption.

- c. Special enrollment regarding Medicaid and Children's Health Insurance Program (CHIP) termination or eligibility:
- CareFirst will permit an employee or dependent who is eligible for coverage, but not enrolled, to enroll for coverage under the terms of this Evidence of Coverage, if either of the following conditions is met:
- 1) Termination of Medicaid or CHIP coverage. The employee or dependent is covered under a Medicaid plan under title XIX of the Social Security Act or under a State child health plan under title XXI of such Act and coverage of the employee or dependent under such a plan is terminated as a result of loss of eligibility for such coverage.
 - 2) Eligibility for employment assistance under Medicaid or CHIP. The employee or dependent becomes eligible for premium assistance, with respect to coverage under this Evidence of Coverage, under Medicaid or a State child health plan (including under any waiver or demonstration project conducted under or in relation to such a plan).
- d. Special enrollment transition for an adult child previously denied enrollment or who terminated coverage due to attaining Limiting Age in accordance with the Interim Final Rules for Group Health Plans and Health Insurance Issuers Relating to Dependent Coverage of Children to Age 26 Under the Patient Protection and Affordable Care Act, *PHS Act Section 2714, Eligibility of Children Until Age 26 (26 CFR 54.9815–2714, 29 CFR 2590.715–2714, 45 CFR 147.120)*, (“section”).
- 1) In general. The relief provided in the transitional rules of this paragraph d. applies with respect to any child—
 - i) Whose coverage ended, or who was denied coverage (or was not eligible for coverage) under a group health plan or group health insurance coverage because, under the terms of the plan or coverage, the availability of dependent coverage of children ended before the attainment of age 26 (which, under this section, is no longer permissible); and
 - ii) Who becomes eligible (or is required to become eligible) for coverage under a group health plan or group health insurance coverage on the first day of the first plan year beginning on or after September 23, 2010 by reason of the application of this paragraph.
 - 2) Opportunity to enroll.
 - i) If a group health plan, or group health insurance coverage, in which a child described in paragraph d.1) of this section is eligible to enroll (or is required to become eligible to enroll) is the plan or coverage in which the child's coverage ended (or did not begin) for the reasons described in paragraph d.1)i) of this section, and if the plan, or the issuer of such coverage, is subject to the requirements of this section, the plan and the issuer are required to give the child an opportunity to enroll that continues for at least 30 days (including written notice of the opportunity to enroll). This opportunity (including the written notice) must be provided beginning not later than the first day of the first plan year beginning on or after September 23, 2010.
 - ii) The written notice must include a statement that children whose coverage ended, or who were denied coverage (or were not eligible for coverage), because the availability of dependent coverage of children ended before attainment of age 26 are eligible to enroll in the plan or coverage. The notice may be

provided to an employee on behalf of the employee's child. In addition, the notice may be included with other enrollment materials that a plan distributes to employees, provided the statement is prominent. If a notice satisfying the requirements of this paragraph d.2) is provided to an employee whose child is entitled to an enrollment opportunity under this paragraph d., the obligation to provide the notice of enrollment opportunity under this paragraph d.2) with respect to that child is satisfied for both the plan and the issuer.

- 3) Effective date of coverage. In the case of an individual who enrolls under paragraph d.2) of this section, coverage must take effect not later than the first day of the first plan year beginning on or after September 23, 2010.
 - 4) Treatment of enrollees in a group health plan. Any child enrolling in a group health plan pursuant to paragraph d.2) of this section must be treated as if the child were a special enrollee, as provided under the rules of § 54.9801-6(d). Accordingly, the child (and, if the child would not be a participant once enrolled in the plan, the participant through whom the child is otherwise eligible for coverage under the plan) must be offered all the benefit packages available to similarly situated individuals who did not lose coverage by reason of cessation of dependent status. For this purpose, any difference in benefits or cost-sharing requirements constitutes a different benefit package. The child also cannot be required to pay more for coverage than similarly situated individuals who did not lose coverage by reason of cessation of dependent status.
- e. Special enrollment transition for individuals whose coverage or benefits ended by reason of reaching a lifetime limit in accordance with the Patient Protection and Affordable Care Act; Requirements for Group Health Plans and Health Insurance Issuers Under the Patient Protection and Affordable Care Act Relating to Preexisting Condition Exclusions, Lifetime and Annual Limits, Rescissions, and Patient Protections; Final Rule and Proposed Rule.
- 1) In general. The relief provided in the transitional rules of this paragraph (e) applies with respect to any individual—
 - i) Whose coverage or benefits under a group health plan or group health insurance coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits for any individual (which, under this section, is no longer permissible); and
 - ii) Who becomes eligible (or is required to become eligible) for benefits not subject to a lifetime limit on the dollar value of all benefits under the group health plan or group health insurance coverage on the first day of the first plan year beginning on or after September 23, 2010, by reason of the application of this section.
 - 2) Notice and enrollment opportunity requirements—
 - i) If an individual described in paragraph e.1) of this section is eligible for benefits (or is required to become eligible for benefits) under the group health plan--or group health insurance coverage--described in paragraph e.1) of this section, the plan and the issuer are required to give the individual written notice that the lifetime limit on the dollar value of all benefits no longer applies and that the individual, if covered, is once again eligible for benefits under the plan. Additionally, if the individual is not enrolled in the plan or health insurance coverage, or if an

enrolled individual is eligible for but not enrolled in any benefit package under the plan or health insurance coverage, then the plan and issuer must also give such an individual an opportunity to enroll that continues for at least 30 days (including written notice of the opportunity to enroll). The notices and enrollment opportunity required under this paragraph e.2)i) must be provided beginning not later than the first day of the first plan year beginning on or after September 23, 2010.

- ii) The notices required under paragraph e.2)i) of this section may be provided to an employee on behalf of the employee's dependent. In addition, the notices may be included with other enrollment materials that a plan distributes to employees, provided the statement is prominent. For either notice, if a notice satisfying the requirements of this paragraph e.2) is provided to an individual, the obligation to provide the notice with respect to that individual is satisfied for both the plan and the issuer.
- 3) Effective date of coverage. In the case of an individual who enrolls under paragraph e.2) of this section, coverage must take effect not later than the first day of the first plan year beginning on or after September 23, 2010.
- 4) Treatment of enrollees in a group health plan. Any individual enrolling in a group health plan pursuant to paragraph e.2) of this section must be treated as if the individual were a special enrollee, as provided under the rules of Sec. 2590.701-6(d) of this part. Accordingly, the individual (and, if the individual would not be a participant once enrolled in the plan, the participant through whom the individual is otherwise eligible for coverage under the plan) must be offered all the benefit packages available to similarly situated individuals who did not lose coverage by reason of reaching a lifetime limit on the dollar value of all benefits. For this purpose, any difference in benefits or cost-sharing requirements constitutes a different benefit package. The individual also cannot be required to pay more for coverage than similarly situated individuals who did not lose coverage by reason of reaching a lifetime limit on the dollar value of all benefits.

MEDICAL CHILD SUPPORT ORDERS

3.1 Definitions

- A. Medical Child Support Order (MCSO) means an “order” issued in the format prescribed by federal law; and issued by an appropriate child support enforcement agency to enforce the health insurance coverage provisions of a child support order. An “order” means a judgment, decree or a ruling (including approval of a settlement agreement) that:
1. Is issued by a court or administrative child support enforcement agency of any state or the District of Columbia.
 2. Creates or recognizes the right of a child to receive benefits under a parent’s health insurance coverage; or establishes a parent’s obligation to pay child support and provide health insurance coverage for a child.
- B. Qualified Medical Support Order (QMSO) means a Medical Child Support Order issued under State law, or the laws of the District of Columbia and, when issued to an employer sponsored health plan, one that complies with Section 609(A) of the Employee Retirement Income Security Act of 1974, as amended.

3.2 Eligibility and Termination

- A. Upon receipt of a MCSO/QMSO, when coverage of the Subscriber's family members is available under the terms of the Subscriber's contract then CareFirst will accept enrollment regardless of enrollment period restrictions. If the Subscriber does not enroll the child then CareFirst will accept enrollment from the non-Subscriber custodial parent; or, the appropriate child support enforcement agency of any State or the District of Columbia. If the Subscriber has not completed an applicable Waiting Period for coverage the child will not be enrolled until the end of the Waiting Period.

The Subscriber must be enrolled under this Group Contract in order for the child to be enrolled. If the Subscriber is not enrolled when CareFirst receives the MCSO/QMSO, CareFirst will enroll both the Subscriber and the child, without regard to enrollment period restrictions. The Effective Date will be that stated in the Eligibility Schedule for a newly eligible Subscriber and a newly eligible Dependent child.

- B. Enrollment for such a child will not be denied because the child:
1. Was born out of wedlock.
 2. Is not claimed as a dependent on the Subscriber's federal tax return.
 3. Does not reside with the Subscriber.
 4. Is covered under any Medical Assistance or Medicaid program.
- C. Termination. Unless coverage is terminated for non-payment of the premium, a covered child subject to a MCSO/QMSO may not be terminated unless written evidence is provided to CareFirst that:
1. The MCSO/QMSO is no longer in effect;
 2. The child has been or will be enrolled under other comparable health insurance coverage that will take effect not later than the effective date of the termination of coverage; or,
 3. If coverage is provided under an employer sponsored health plan;
 - a. The employer has eliminated family member's coverage for all employees; or

- b. The employer no longer employs the Subscriber, except if the Subscriber elects continuation under applicable State or federal law the child will continue in this post-employment coverage.

3.3 **Administration**

When the child subject to a MCSO/QMSO does not reside with the Subscriber, CareFirst will:

- A. Send the non-insuring custodial parent ID cards, claims forms, the applicable certificate of coverage or member contract and any information needed to obtain benefits;
- B. Allow the non-insuring custodial parent or a Health Care Provider of a Covered Service to submit a claim without the approval of the Subscriber;
- C. Provide benefits directly to:
 - 1. The non-insuring parent;
 - 2. The Health Care Provider of the Covered Services; or
 - 3. The appropriate child support enforcement agency of any State or the District of Columbia.

TERMINATION OF COVERAGE

4.1 **Disenrollment of Individual Members**

The Group has the sole and complete authority to make determinations regarding eligibility and termination of coverage in the Plan.

The Group Health Plan will not rescind coverage under the Plan with respect to an individual (including a group to which the individual belongs or family coverage in which the individual is included) once the individual is covered under the Plan, unless the individual (or a person seeking coverage on behalf of the individual) performs an act, practice, or omission that constitutes fraud, or unless the individual makes an intentional misrepresentation of material fact, as prohibited by the terms of the Plan. The Group Health Plan will provide at least 30 days advance written notice to each participant who would be affected before coverage is rescinded regardless of whether the Rescission applies to an entire group or only to an individual within the group.

Coverage of individual Members will terminate on the date stated in the Eligibility Schedule for the following reasons.

- A. CareFirst may terminate a Member's coverage for nonpayment of charges when due, by the Group.
- B. The Group is required to terminate a Member's coverage if the individual (or a person seeking coverage on behalf of the individual) performs an act, practice, or omission that constitutes fraud, or if the individual makes an intentional misrepresentation of material fact, as prohibited by the terms of the Plan.
- C. The Group is required to terminate the Subscriber's coverage and the coverage of the Dependents, if applicable, if the Subscriber no longer meets the Group's eligibility requirements for coverage.
- D. The Group is required to terminate a Member's coverage if the Member no longer meets the Group's eligibility requirements for coverage.
- E. The Group is required to notify the Subscriber if a Member's coverage is cancelled. If the Group does not notify the Subscriber, this will not continue the Member's coverage beyond the termination date of coverage. The Member's coverage will terminate on the termination date set forth in the Eligibility Schedule.
- F. Except in the case of a Dependent child enrolled pursuant to a Medical Child Support Order or Qualified Medical Support Order, coverage of any Dependents, if Dependent coverage is available, will terminate if the Subscriber changes the Type of Coverage to an Individual or other non-family contract.

4.2 **Death of a Subscriber**

If Dependent coverage is available, in the event of the Subscriber's death, coverage of any Dependents will continue under the Subscriber's enrollment as stated in the Eligibility Schedule under termination of coverage Death of a Subscriber.

4.3 **Effect of Termination**

Except as provided under the Extension of Benefits for Inpatient Individuals provision, no benefits will be provided for any services received on or after the date on which the Member's coverage under this Evidence of Coverage terminates. This includes services received for an injury or illness that occurred before the effective date of termination.

4.4 **Reinstatement**

Coverage will not reinstate automatically under any circumstances.

CONTINUATION OF COVERAGE

5.1 Continuation of Eligibility upon Loss of Group Coverage

A. Federal Continuation of Coverage under COBRA

If the Group health benefit Plan provided under this Evidence of Coverage is subject to the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), as amended from time to time, and a Member's coverage terminates due to a "Qualifying Event" as described under COBRA, continuation of participation in this Group health benefit Plan may be possible. The employer offering this Group health benefit Plan is the Plan Administrator. It is the Plan Administrator's responsibility to notify a Member concerning terms, conditions and rights under COBRA. If a Member has any questions regarding COBRA, the Member should contact the Plan Administrator.

B. Uniformed Services Employment and Reemployment Rights Act ("USERRA")

USERRA protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service or certain types of service in the Natural Disaster Medical System. USERRA also prohibits employers from discriminating against past and present members of the uniformed services, and applicants to the uniformed services.

If a Member leaves their job to perform military service, the Member has the right to elect to continue their Group coverage including any Dependents for up to 24 months while in the military. Even if continuation of coverage was not elected during the Member's military service, the Member has the right to be reinstated in their Group coverage when reemployed, without any Waiting Periods or pre-existing condition exclusions except for service-connected illnesses or injuries. If a Member has any questions regarding USERRA, the Member should contact the Plan Administrator.

5.2 Extension of Benefits for Inpatient Individuals

This section applies to hospital, medical or surgical benefits. During an extension period required under this section a premium may not be charged. Benefits will cease as of 11:59 p.m., Eastern Standard Time, on the Subscriber's termination date unless:

A. If a Member is confined in a hospital on the date that the Member's coverage terminates, CareFirst shall continue to pay covered benefits, in accordance with the Evidence of Coverage in effect at the time the Member's coverage terminates, for the confinement until the date the Member is discharged from the hospital.

B. This section does not apply if:

1. Coverage is terminated because an individual fails to pay a required premium;
2. Coverage is terminated for fraud or material misrepresentation by the individual.

COORDINATION OF BENEFITS ("COB"); SUBROGATION

6.1 Coordination of Benefits ("COB")

A. Applicability

1. This Coordination of Benefits (COB) provision applies to this CareFirst Plan when a Member has health care coverage under more than one Plan.
2. If this COB provision applies, the Order Of Benefit Determination Rules should be looked at first. Those rules determine whether the benefits of this CareFirst Plan are determined before or after those of another Plan. The benefits of this CareFirst Plan:
 - a. Shall not be reduced when, under the order of determination rules, this CareFirst Plan determines its benefits before another Plan; but
 - b. May be reduced when, under the order of determination rules, another Plan determines its benefits first. The above reduction is described in the Effect on the Benefits section of this CareFirst Plan Evidence of Coverage.

B. Definitions

For the purpose of this COB section, the following terms are defined. The definitions of other capitalized terms are found in the definitions sections of this Evidence of Coverage.

Allowable Expenses means any health care expense, including deductibles, coinsurance or copayments, that is covered in whole or in part by any of the Plans covering the Member. This means that any expense or portion of an expense that is not covered by any of the Plans is not an Allowable Expense. If this CareFirst Plan is advised by a Member that all Plans covering the Member are high-deductible health plans and the Member intends to contribute to a health savings account, the primary Plan's deductible is not an Allowable Expense, except for any health care expense incurred that may not be subject to the deductible as set forth in Section 223(c)(2)(C) of the Internal Revenue Code of 1986.

CareFirst Plan means this Evidence of Coverage.

Intensive Care Policy means a health insurance policy that provides benefits only when treatment is received in that specifically designated health care facility of a hospital that provides the highest level of care and which is restricted to those patients who are physically, critically ill or injured.

Plan means any health insurance policy, including those of nonprofit health service Plan, and those of commercial group, blanket, and individual policies, any subscriber contracts issued by health maintenance organizations, and any other established programs under which the insured may make a claim. The term Plan includes coverage under a governmental Plan, or coverage required or provided by law. This does not include a State Plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act, as amended from time to time.)

The term Plan does not include:

1. An individually underwritten and issued, guaranteed renewable, specified disease policy;
2. An intensive care policy, which does not provide benefits on an expense incurred basis;
3. Coverage regulated by a motor vehicle reparation law;

4. The first \$100 per day of a Hospital indemnity contract; or,
5. An elementary and or secondary school insurance program sponsored by a school or school system.

Primary Plan Or Secondary Plan means the order of benefit determination rules state whether this CareFirst Plan is a Primary Plan or Secondary Plan as to another Plan covering the Member.

1. When this CareFirst Plan is a Primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan's benefits.
2. When this CareFirst Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan's benefits.
3. When there are more than two Plans covering the Member, this CareFirst Plan may be a Primary Plan as to one of the other Plans, and may be a Secondary Plan as to a different Plan or Plans.

Specified Disease Policy means a health insurance policy that provides (1) benefits only for a disease or diseases specified in the policy or for the treatment unique to a specific disease; or (2) additional benefits for a disease or diseases specified in the policy or for treatment unique to a specified disease or diseases

C. **Order of Determination Rules**

1. **General**
When there is a basis for a claim under this CareFirst Plan and another Plan, this CareFirst Plan is a Secondary Plan which has its benefits determined after those of the other Plan, unless;
 - a. The other Plan has rules coordinating benefits with those of this CareFirst Plan; and
 - b. Both those rules and this CareFirst Plan's rules require that this CareFirst Plan's benefits be determined before those of the other Plan.
2. **Rules**
This CareFirst Plan determines its order of benefits using the first of the following rules which applies:
 - a. Non-dependent/dependent. The benefits of the Plan which covers the person as an employee, member or subscriber (that is, other than as a dependent) are determined before those of the Plan which covers the person as a dependent; except that if the person is also a Medicare beneficiary, and the result of the rule established by Title XVIII of the Social Security Act and implementing regulations, Medicare is:
 - 1) Secondary to the Plan covering the person as a dependent, and
 - 2) Primary to the Plan covering the person as other than a dependent (e.g. retired employee),

Then the benefits of the Plan covering the person as a dependent are determined before those of the Plan covering the person as other than a dependent.
 - b. Dependent child covered by more than one Plan. Unless there is a court decree stating otherwise, when this CareFirst Plan and another Plan cover the same child as a dependent, the order of benefits shall be determined as follows:

- 1) For a dependent child whose parents are married or are living together:
 - (a) The benefits of the Plan of the parent whose birthday falls earlier in a year are determined before those of the Plan of the parent whose birthday falls later in the year; but
 - (b) If both parents have the same birthday, the benefits of the Plan that covered one parent longer are determined before those of the Plan that covered the other parent for a shorter period of time.

This rule described in 1) also shall apply if: (i) a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage or (ii) a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the dependent child.

- 2) For a dependent child whose parents are separated, divorced, or are not living together:
 - (a) If the specific terms of a court decree state that one of the parents is responsible for the health care expenses or health care coverage of the child, and the entity obligated to pay or provide the benefits of the Plan of that parent has actual knowledge of those terms, the benefits of that Plan are determined first. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but the parent's spouse does, that parent's spouse's plan is the primary plan. This paragraph does not apply with respect to any claim for services rendered before the entity has that actual knowledge of the terms of the court decree.
 - (b) If there is no court decree setting out the responsibility for the child's health care expenses or health care coverage, the order of benefits for the dependent child are as follows:
 - (i) The Plan of the parent with custody of the child;
 - (ii) The Plan of the spouse of the parent with the custody of the child;
 - (iii) The Plan of the parent not having custody of the child; and then
 - (iv) The Plan of the spouse of the parent who does not have custody of the child.

- (3) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under the rules set forth in 1) and 2) of this paragraph as if those individuals were parents of the child.

- c. Active/inactive employee. The benefit of a Plan which covers a person as an employee who is neither laid off nor retired are determined before those of a Plan which covers that person as a laid off or retired employee. The same would hold true if a person is a dependent of a

person covered as a retiree and an employee. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

- d. Continuation coverage. If a person whose coverage is provided under the right of continuation pursuant to Federal or State law also is covered under another Plan, the following shall be the order of benefits determination:

- 1) First, the benefits of a Plan covering the person as an employee, member or Subscriber (or as that person's dependent);
- 2) Second, the benefits under the continuation coverage.

If the other Plan does not have the rule described above, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

- e. Longer/shorter length of coverage. If none of the above rules determines the order of benefits, the benefits of the Plan that covered an employee, member or subscriber longer are determined before those of the Plan that covered that person for the shorter term.

D. Effect on the Benefits of this CareFirst Plan

1. When this Section Applies

This section applies when, in accordance with the prior section, order of benefits determination rules, this CareFirst Plan is a Secondary Plan as to one or more other Plans. In that event the benefits of this CareFirst Plan may be reduced under this section. Such other Plan or Plans are referred to as "the other Plans" immediately below.

2. Reduction in this CareFirst Plan's Benefits

When this CareFirst Plan is the Secondary Plan, the benefits under this CareFirst Plan *may* be reduced so that the total benefits that would be payable or provided by all the other Plans do not exceed 100% of the total Allowable Expenses. If the benefits of this CareFirst Plan are reduced, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this CareFirst Plan.

E. Right To Receive And Release Needed Information

Certain facts are needed to apply these COB rules. CareFirst has the right to decide which facts it needs. It may get the needed facts from or give them to any other organization or person for purposes of treatment, payment, and health care operations. CareFirst need not tell, or get the consent of, any person to do this. Each person claiming benefits under this CareFirst Plan must give this CareFirst Plan any facts it needs to pay the claim.

F. Facility Of Payment

A payment made under another Plan may include an amount that should have been paid under this CareFirst Plan. If it does, this CareFirst Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this CareFirst Plan. This CareFirst Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

G. Right Of Recovery

If the amount of the payments made by this CareFirst Plan is more that it should have paid under this COB provision, it may recover the excess from one or more of:

1. The persons it has paid or for whom it has paid,
2. Insurance companies, or,
3. Other organizations.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

6.2 **Employer or Governmental Benefits**

Coverage under this Evidence of Coverage does not include the cost of services or payment for services for any illness, injury or condition for which, or as a result of which, a Benefit (as defined below) is provided or is required to be provided either:

- A. Under any federal, state, county or municipal workers' compensation or employer's liability law or other similar program; or
- B. From any federal, state, county or municipal or other government agency, including, in the case of service-connected disabilities, the Veterans Administration, to the extent that benefits are payable by the federal, state, county or municipal or other government agency, but excluding Medicare benefits and Medicaid benefits.

Benefit as used in this provision includes a payment or any other benefit, including amounts received in settlement of a claim for Benefits.

6.3 **Subrogation**

Subrogation applies when a Member has an illness or injury for which a third party may be liable. Subrogation requires the Member in certain circumstances to assign to CareFirst any rights the Member may have against a third party.

- A. The Member shall notify CareFirst as soon as reasonably possible and no later than the time the Member either submits a claim for damages to the third party, first or third party insurer or files suit, whichever first occurs, that a third party may be liable for the injuries or illnesses for which benefits are being paid.
- B. To the extent that benefits are paid under this Evidence of Coverage, CareFirst shall be subrogated and succeed to any right of recovery of the Member against any person or organization.
- C. The Member shall pay to CareFirst the amount recovered by suit, settlement, or otherwise from any third party or third party's insurer, or uninsured or underinsured motorist coverage, to the extent of the benefits paid under this Evidence of Coverage.
- D. These provisions do not apply to residents of the Commonwealth of Virginia who are Members of a self-insured Group that is not subject to ERISA. A Member can ask his/her group administrator if he/she is a member of a self-insured Group that is not subject to ERISA.

CERTIFICATE OF CREDITABLE COVERAGE

7.1 Certificate of Creditable Coverage

CareFirst will furnish a written certificate of creditable coverage via first-class mail.

7.2 Termination of CareFirst Coverage Prior to Termination of Coverage under the Group

If an individual's coverage under this Group Contract ceases before the individual's coverage under the Group ceases, CareFirst will provide sufficient information to the Group (or to another party designated by the Group) to enable the Group (or other party), after termination of the individual's coverage under the Group, to provide a certificate that reflects the period of coverage under this Group Contract.

7.3 Individuals for Whom Certificate Must be Provided; Timing of Issuance

A. Issuance of Automatic Certificates

1. Qualified Beneficiaries Upon A Qualifying Event

In the case of an individual entitled to elect COBRA continuation coverage, CareFirst will provide the certificate at the time the individual would lose coverage in the absence of COBRA continuation coverage or alternative coverage elected instead of COBRA continuation coverage. CareFirst will provide the certificate no later than the time a notice is required to be furnished for a qualifying event relating to notices required under COBRA.

2. Other Individuals When Coverage Ceases

In the case of an individual who is not a qualified beneficiary entitled to elect COBRA continuation coverage, CareFirst will provide the certificate at the time the individual ceases to be covered under this Group Contract. CareFirst will provide the certificate within a reasonable time after coverage ceases (or after the expiration of any grace period for nonpayment of premiums).

3. Qualified Beneficiaries When COBRA Ceases

In the case of an individual who is a qualified beneficiary and has elected COBRA continuation coverage (or whose coverage has continued after the individual became entitled to elect COBRA continuation coverage), CareFirst will provide the certificate at the time the individual's coverage under the COBRA continuation coverage ceases. CareFirst will provide the certificate within a reasonable time after coverage ceases (or after the expiration of any grace period for nonpayment of premiums). CareFirst will provide the certificate regardless of whether the individual has previously received a certificate under paragraph 7.3 A.1. of this section.

B. Any Individual Upon Request

CareFirst will provide a certificate in response to a request made by, or on behalf of, an individual at any time while the individual is covered under this Group Contract and up to 24 months after coverage ceases. CareFirst will provide the certificate by the earliest date that CareFirst, acting in a reasonable and prompt fashion, can provide the certificate. CareFirst will provide the certificate regardless of whether the individual has previously received a certificate under paragraph 7.3 A.2. or 7.3 A.1 of this section.

7.4 Combining Information For Families

A certificate may provide information with respect to both a Subscriber and Dependents if the information is identical for each individual. If the information is not identical, certificates may be provided on one form if the form provides all the required information for each individual and separately states the information that is not identical.

HOW THE PLAN WORKS

This health care benefits plan offers a choice of Health Care Providers. Payment depends on the Health Care Provider chosen, as explained below in Choosing a Provider. Other factors that may affect payment are found in Referrals; Coordination of Benefits (“COB”); Subrogation; Out-of-Area Care; Exclusions and Utilization Management Requirements.

Appropriate Care & Medical Necessity

CareFirst works to make sure that health care is rendered in the most appropriate setting, and in the most appropriate way. While ensuring that the Member receives the best care, this also helps to control health care costs. In order to make sure that the setting and treatment are appropriate, some Covered Services require review before a Member receives care. These services are marked throughout this Evidence of Coverage.

CareFirst will pay a benefit for Covered Services rendered by a Health Care Provider only when Medically Necessary as determined by CareFirst. Benefits are subject to all of the terms, conditions, and maximums, if applicable, as stated in this Evidence of Coverage.

Choosing a Provider

Member/Health Care Provider Relationship

1. The Member has the exclusive right to choose a Health Care Provider. Whether a Health Care Provider contracts with CareFirst or not relates only to method of payment, and does not imply that any Health Care Provider is more or less qualified than another.
2. CareFirst makes payment for Covered Services, but does not provide these services. CareFirst is not liable for any act or omission of any Health Care Provider.

Contracted Health Care Providers

1. Claims will be submitted directly to CareFirst by the Contracted Health Care Provider.
2. CareFirst will pay benefits directly to the Contracted Health Care Provider.
3. The Member is responsible for any applicable Deductible and Coinsurance or Copayment.

Point-of-Service Primary Care Providers

Many Preferred Providers have a special agreement with CareFirst. Each Member has chosen a POSPCP as part of enrollment in this health care benefits plan. When a Member receives services from the POSPCP or as a result of referral by the POSPCP, payment will be made as “in-network.” Direct Access Services listed in the Schedule of Benefits do not require a referral to be paid as “in-network.”

Non-Contracted Health Care Provider

1. Claims may be submitted directly to CareFirst or its designee by the Non-Contracted Health Care Provider, or the Member may need to submit the claim. In either case, it is the responsibility of the Member to make sure that proofs of loss are filed on time.
2. All benefits for Covered Services will be payable to the Subscriber, or to the Non-Contracted Health Care Provider, at the discretion of CareFirst.
3. In the case of a Dependent child enrolled pursuant to a court order, court approved requirement, or a Qualified Medical Child Support Order, payment will be paid directly to the Department of Health and Mental Hygiene or the noninsuring parent if proof is provided that such parent has paid the Non-Contracted Health Care Provider.
4. The Member is responsible for the difference between CareFirst’s payment and the Non-Contracted Health Care Provider’s charge.

Notice of Claim

A Member may request a claim form by writing or calling CareFirst. CareFirst does not require written notice of a claim.

Claim Forms

CareFirst provides claim forms for filing proof of loss. If CareFirst does not provide the claim forms within 15 days after notice of claim is received, the Member is considered to have complied with the requirements of this Evidence of Coverage as to proof of loss if the Member submits, within the time fixed in this Evidence of Coverage for filing proof of loss, written proof of the occurrence, character, and extent of the loss for which the claim is made.

Proofs of Loss

In order to receive benefits for services rendered by a Health Care Provider who does **not** contract with CareFirst, a Member must submit written proof of loss to CareFirst or its designee within the deadlines described below.

Claims for medical benefits must be submitted within twelve (12) months following the dates services were rendered.

Claims for Prescription Drug Benefits must be submitted within twelve (12) months following the dates services were rendered.

A Member's failure to furnish the proof of loss within the time required does not invalidate or reduce a claim if it was not reasonably possible to submit the proof within the required time, if the proof is furnished as soon as reasonably possible, and except in the absence of legal capacity of the member, not later than one year from the time proof is otherwise required.

CareFirst will honor claims submitted for Covered Services by any agency of the federal, state or local government that has the statutory authority to submit claims beyond the time limits established under this Evidence of Coverage. These claims must be submitted to CareFirst before the filing deadline established by the applicable statute on claims forms that provide all of the information CareFirst deems necessary to process the claim. CareFirst provides forms for this purpose.

Time of Payment of Claims

Benefits payable under this Evidence of Coverage will be paid not more than 30 days after receipt of written proof of loss.

Claim Payments Made in Error

If CareFirst makes a claim payment to or on behalf of a Member in error, the Member is required to repay CareFirst the amount that was paid in error. If the Member has not repaid the full amount owed CareFirst and CareFirst makes a subsequent benefit payment, CareFirst may subtract the amount owed CareFirst from the subsequent payment.

Assignment of Benefits

A Member may not assign his or her right to receive benefits or benefit payments under this Evidence of Coverage to another person or entity except for routine assignment of benefit payments to a Preferred Provider/Contracting Pharmacy rendering Covered Services.

Evidence of Coverage

Unless CareFirst makes delivery directly to the Subscriber, CareFirst will provide the Group, for delivery to each Subscriber, a statement that summarizes the essential features of the coverage of the Subscriber and that indicates to whom benefits are payable. Only one statement will be issued for each family unit.

Notices

Notices to Members required under the Evidence of Coverage shall be in writing directed to the Subscriber's last known address. It is the Subscriber's responsibility to notify the Group, and the Group's responsibility to notify CareFirst of an address change.

Privacy Statement

CareFirst shall comply with state, federal and local laws pertaining to the dissemination or distribution of non-public personally identifiable medical or health-related data. In that regard, CareFirst will not provide to the plan sponsor named herein or unauthorized third parties any personally identifiable medical information without the prior written authorization of the patient or parent/guardian of the patient or as otherwise permitted by law.

REFERRALS

Referrals made by a POSPCP are good for 120 days except as stated in Referral to a Specialist. A referral will specify the number of visits and types of services approved. Covered Services received by referral will be paid “in-network.” Covered Services Incurred after the expiration of the referral, or Covered Services beyond what is specified in the referral, will be paid “out-of-network.”

Referral to a Specialist or Nonphysician Specialist

Specialist means a physician who is certified or trained in a specified field of medicine and who is not designated as a POSPCP by CareFirst.

A Nonphysician Specialist is a Health Care Provider who:

1. Is not a physician;
2. Is licensed or certified under the Health Occupations Article of the Annotated Code of Maryland or the applicable licensing laws of any State or the District of Columbia; and
3. Is certified or trained to treat or provide health care services for a specified condition or disease in a manner that is within the scope of the license or certification of the Health Care Provider.

A Member may request a referral to a Specialist or Nonphysician Specialist who is a Non-Preferred Provider if:

1. The Member is diagnosed with a condition or disease that requires specialized health care services or medical care; and
 - a. CareFirst does not contract with a Preferred Specialist or Nonphysician Specialist with the professional training and expertise to treat or provide health care services for the condition or disease; or
 - b. CareFirst cannot provide reasonable access to a Preferred Specialist or Nonphysician Specialist with the professional training and expertise to treat or provide health care services for the condition or disease without unreasonable delay or travel.

For purposes of determining any Deductible, Copayment, or Coinsurance payable by the Member, CareFirst will treat the services provided by the Specialist or Nonphysician Specialist as if the services were provided by a Preferred Provider.

2. A Member may receive a standing referral to a Specialist who is a Preferred Provider if:
 - a. The POSPCP determines, in consultation with the Specialist, that the Member needs continuing care from the Specialist;
 - b. The Member has a condition or disease that:
 - 1) Is life threatening, degenerative, chronic, or disabling; and
 - 2) Requires specialized health care services or medical care; and
 - c. The Specialist:
 - 1) Has expertise in treating or providing health care services for the life threatening, degenerative, chronic, or disabling disease or condition; and
 - 2) Is a Preferred Provider.
 - d. A standing referral shall be made in accordance with a written treatment plan for a Covered Service developed by the POSPCP, Specialist, and Member.

- e. The treatment plan may:
 - 1) Limit the number of visits to the Specialist;
 - 2) Limit the period of time in which visits to the Specialist are authorized; and
 - 3) Require the Specialist to communicate regularly with the POSPCP regarding the treatment and health status of the Member.
- f. A Member is not required to see a Health Care Provider in addition to the POSPCP, before the standing referral is granted.

Obstetric & Gynecological Services

- 1. A female Member may receive routine gynecological care from an obstetrician/gynecologist who is a Preferred Provider without a visit to her POSPCP first, if:
 - a. The care is Medically Necessary, including care that is routine;
 - b. After each visit for gynecological care, the obstetrician/gynecologist communicates with the Member's POSPCP about any diagnosis or treatment rendered; and
 - c. The obstetrician/gynecologist confers with the POSPCP before performing any diagnostic procedure that is not routine gynecological care rendered during an annual visit.
- 2. If a female Member did not choose an obstetrician/gynecologist as her POSPCP, benefits are available for an annual visit to an obstetrician/gynecologist who is a Preferred Provider without a visit to her POSPCP first, whether or not her POSPCP is qualified to and regularly does provide routine gynecological care.
- 3. A female Member may receive Medically Necessary, routine obstetric and gynecological care from a certified nurse midwife who is a Preferred Provider or any other Preferred Provider authorized under the health occupations article to provide obstetric and gynecological services without a visit to her POSPCP first.

A certified nurse midwife or other non-physician Health Care Provider authorized under the health occupations article to provide obstetric and gynecological services shall consult with an obstetrician/gynecologist with whom the certified nurse midwife or other Health Care Provider has a collaborative agreement, in accordance with the collaborative agreement, regarding any care rendered hereunder.
- 4. A Member who is pregnant may receive a standing referral to an obstetrician:
 - a. After the Member receives this standing referral, the obstetrician is responsible for the primary management of the Member's pregnancy, including the issuance of referrals in accordance with CareFirst's policies and procedures, through the postpartum period;
 - b. A treatment plan is not required when a standing referral is to an obstetrician.

If a POSPCP refers a Member to a Non-Preferred Provider, CareFirst will pay the Non-Preferred Provider's charge with no balance billing to the Member, but the other provisions for Non-Preferred Providers still apply.

INTER-PLAN ARRANGEMENTS DISCLOSURE

Out-of-Area Services

CareFirst BlueCross BlueShield has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs.” Whenever Members access healthcare services outside the geographic area CareFirst serves, the claim for those services may be processed through one of these Inter-Plan Programs and presented to CareFirst for payment in accordance with the rules of the Inter-Plan Programs policies then in effect. The Inter-Plan Programs available to Members under this Group Contract are described generally below.

Typically, Members, when accessing care outside the geographic area CareFirst serves, obtain care from Health Care Providers that have a contractual agreement (i.e., are “PPO/Participating”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, Members may obtain care from Non-Participating Providers. CareFirst payment practices in both instances are described below.

A Member will be entitled to benefits for Covered Services accessed either inside or outside the geographic area CareFirst serves.

Due to variations in Host Blue network protocols, a Member may also be entitled to benefits for some healthcare services obtained outside the geographic area CareFirst serves, even though the Member might not otherwise have been entitled to benefits if he or she had received those healthcare services inside the geographic area CareFirst serves. But in no event will a Member be entitled to benefits for healthcare services, wherever he or she received them, that are specifically excluded from, or in excess of the limits of, coverage provided by this Group Contract.

A. Definitions

For purposes of Inter-Plan Programs, the underlined terms, when capitalized, are defined as follows:

Allowed Benefit, unless otherwise stated, or required by federal law, means the amount the Host Blue allows for a Covered Service regardless of whether the amount the Host Blue allows is greater or lesser than CareFirst’s Allowed Benefit and is deemed a final amount.

BlueCard PPO Network Provider (PPO Provider) means a Health Care Provider who contracts with a Host Blue as part of its Preferred Provider Organization (PPO) network.

BlueCard Traditional Network Provider (Participating Provider) means a Health Care Provider who contracts with a Host Blue to be paid directly for rendering Covered Services to Members.

Non-Participating Provider means any Health Care Provider that does not contract with a Host Blue.

Preferred Provider Organization (PPO) means a healthcare benefit arrangement designed to supply services at a discounted cost by providing incentives for Members to use designated Health Care Providers (who contract with the PPO at a discount), but which also provides coverage for services rendered by Health Care Providers who are not part of the PPO network.

B. Negotiated National Account Arrangements

Claims for Covered Services may be processed through a negotiated national account arrangement with a Host Blue.

The amount the Member pays for Covered Services, if not a flat dollar copayment, will be calculated based on the “price” made available to CareFirst. The “price” may be the:

1. negotiated price/lower of either billed covered charges or negotiated price; or

2. lower of either billed covered charges or negotiated price (refer to the description of negotiated price under paragraph C., BlueCard Program).

Under certain circumstances, if CareFirst pays the Health Care Provider amounts that are the responsibility of the Member under this Group Contract CareFirst may collect such amounts from the Member.

C. BlueCard® Program

Under the BlueCard® Program, when Members access Covered Services from a PPO Provider or Participating Provider within the geographic area served by a Host Blue, CareFirst will remain responsible to Group for fulfilling CareFirst contractual obligations. However, in accordance with applicable Inter-Plan Programs policies then in effect, the Host Blue will be responsible for providing such services as contracting and handling substantially all interactions with its PPO/Participating Providers. The financial terms of the BlueCard Program are described generally below. Individual circumstances may arise that are not directly covered by this description; however, in those instances, our action will be consistent with the spirit of this description.

Whenever a Member accesses Covered Services outside the geographic area CareFirst serves and the claim is processed through the BlueCard Program, the amount the Member pays for Covered Services, if not a flat dollar copayment, is calculated based on the lower of:

- The billed covered charges for the Covered Services; or
- The negotiated price that the Host Blue makes available to CareFirst.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Health Care Provider. Sometimes, it is an estimated price that takes into account special arrangements with the Health Care Provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of Health Care Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price CareFirst uses for a claim because they will not be applied retroactively to claims already paid.

A small number of states require Host Blues either (i) to use a basis for determining Member liability for Covered Services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or (ii) to add a surcharge. Should federal law or the state in which healthcare services are accessed mandate liability calculation methods that differ from the negotiated price methodology or require a surcharge, CareFirst would then calculate Member liability and Group liability in accordance with applicable law.

Under certain circumstances, if CareFirst pays the Health Care Provider amounts that are the responsibility of the Member under this Group Contract CareFirst may collect such amounts from the Member.

D. Non-Participating Providers Outside the CareFirst Service Area

Member Liability Calculation

1. In General

When Covered Services are provided outside of the CareFirst service area by Non-Participating Providers, the amount(s) a Member pays for such services will generally be based on either the Host Blue’s Non-Participating Provider local payment or the pricing arrangements required by applicable state/federal law. In these situations, the Member may be responsible for the difference between the amount that the Non-Participating

Provider bills and the payment CareFirst will make for the Covered Services as set forth in this paragraph.

2. Exceptions

In some exception cases, CareFirst may pay claims from Non-Participating Providers outside of CareFirst's service area based on the provider's billed charge, such as in situations where a Member did not have reasonable access to a PPO/Participating Provider, as determined by CareFirst in CareFirst's sole and absolute discretion or by applicable state/federal law. In other exception cases, CareFirst may pay such claims based on the payment it would make if CareFirst were paying a Non-Contracted Provider inside of its service area, as described elsewhere in this Group Contract, where the Host Blue's corresponding payment would be more than CareFirst's in-service area Non-Contracted Provider payment, or in CareFirst's sole and absolute discretion, CareFirst may negotiate a payment with such a provider on an exception basis.

Finally, CareFirst may pay up to billed charges for Group designated Covered Services.

Unless otherwise stated, in any of these exception situations, the Member may be responsible for the difference between the amount that the Non-Participating Provider bills and the payment CareFirst will make for the Covered Services as set forth in this paragraph.

SCHEDULE OF BENEFITS

CareFirst pays (on the Plan's behalf) only for Covered Services. Services that are not listed in the Description of Covered Services, or are listed in Exclusions, are not Covered Services.

The Member pays for services, supplies or care which are not covered. The Member pays any applicable Deductible, and Coinsurance or Copayment.

When determining the benefits a Member may receive, CareFirst considers all provisions of this Evidence of Coverage, its medical policies, and its operating procedures. Certain Utilization Management Requirements may apply. When these rules are not met, payments may be denied or reduced. See Utilization Management Requirements for these rules.

CareFirst has designed the below Schedule of Benefits to identify CareFirst's payment for Covered Services. Such payments typically depend on:

Type of Health Care Provider (e.g., hospital/facility vs. professional practitioner);

Covered Service(s); and

Place of service (e.g., inpatient/outpatient, emergency room/department, hospital/facility, office).

Generally, services rendered in a hospital/facility place of service result in claims both from the hospital/facility and from professional practitioners rendering care in the hospital/facility setting.

Additionally, certain Covered Services may result in claims for multiple services. For example, claims for mastectomy-related services could include, at minimum, diagnostic services and surgery. Instead of repeating the CareFirst Payment for diagnostic services and surgery, the CareFirst Payment for mastectomy-related services indicates "Benefits are available to the same extent as benefits provided for other illnesses."

Unless otherwise stated for a particular Covered Service during a Benefit Period, including, as applicable, Covered Services under any attached riders:

DEDUCTIBLE: Out-of-Network		
Individual	Family	
\$300	\$900	
The Deductible applies to all Covered Services. The Deductible is calculated based on the Allowed Benefit of Covered Services.		
Family Deductible (any Type of Coverage which is not individual is considered family).		
The family Deductible amount is calculated in the aggregate.		
CareFirst pays benefits for a family Member in a family Type of Coverage who reaches the individual Deductible amount before the family Deductible amount is reached.		
A family Member may not contribute more than the individual Deductible amount to the family Deductible amount.		
The following amounts are included/excluded from the Deductible:	Included	Excluded
Amounts in excess of the Allowed Benefit	No	Yes
Copays	No	Yes
Prescription Drug Benefits Rider	No	Yes

COMMON ACCIDENT DEDUCTIBLE	CARRY-OVER DEDUCTIBLE
When two or more family Members Incur Covered Services due to the same accident, only one individual Deductible amount will be applied in a Benefit Period.	Covered Services Incurred in the last 3 months of the Benefit Period which were applied to such Benefit Period's Deductible will be applied to the next Benefit Period's Deductible.

A. SCOPE AND PURPOSE

The Plan's Claims Procedures were developed in accordance with section 503 of the Employee Retirement Income Security Act of 1974 (ERISA or the Act), 29 U.S.C. 1133, 1135, which sets forth minimum requirements for employee benefit plan procedures pertaining to Claims For Benefits by Members (hereinafter referred to as Claimants). Except as otherwise specifically provided, these requirements apply to every employee benefit plan described in section 4(a) and not exempted under section 4(b) of the Act. Additionally, because CareFirst must maintain uniformity in its processes, any group health plan not subject to ERISA agrees to follow these same procedures. Notwithstanding this provision, nothing herein shall be construed to mean or imply that a non-ERISA Group health plan has deemed itself subject to ERISA.

B. CLAIMS PROCEDURES

These procedures govern the filing of benefit claims, Notification of benefit determinations, and appeal of Adverse Benefit Determinations (hereinafter collectively referred to as Claims Procedures) for Claimants.

These Claims Procedures do not preclude an authorized representative of a Claimant from acting on behalf of such Claimant in pursuing a benefit claim or appeal of an Adverse Benefit Determination. Nevertheless, the Plan has established reasonable procedures for determining whether an individual has been authorized to act on behalf of a Claimant, provided that, in the case of a Claim Involving Urgent Care, a Health Care Professional, with knowledge of a Claimant's medical condition shall be permitted to act as the authorized representative of the Claimant.

These Claims Procedures contain administrative processes and safeguards designed to ensure and to verify that benefit claim determinations are made in accordance with governing Plan documents and, where appropriate, Plan provisions have been applied consistently with respect to similarly situated Claimants.

C. CLAIMS PROCEDURES COMPLIANCE

1. Failure to follow Pre-Service Claims Procedures. In the case of a failure by a Claimant or an authorized representative of a Claimant to follow the Plan's procedures for filing a Pre-Service Claim the Claimant or representative shall be notified of the failure and the proper procedures to be followed in filing a Claim For Benefits. This Notification shall be provided to the Claimant or authorized representative, as appropriate, as soon as possible, but not later than 5 days (24 hours in the case of a failure to file a Claim Involving Urgent Care) following the failure. Notification may be oral, unless written Notification is requested by the Claimant or authorized representative.

The above shall apply only in the case of a failure that:

- a. Is a communication by a Claimant or an authorized representative of a Claimant that is received by the person or organizational unit designated by the Plan or Plan Designee that handles benefit matters; and

- b. Is a communication that names a specific Claimant; a specific medical condition or symptom; and a specific treatment, service, or product for which approval is requested.
- 2. Civil Action. A Claimant is not required to file more than the appeals process described herein prior to bringing a civil action under ERISA.

D. CLAIM FOR BENEFITS

A Claim For Benefits is a request for a Plan benefit or benefits made by a Claimant in accordance with a Plan's reasonable procedure for filing benefit claims. A Claim For Benefits includes any Pre-Service Claims and any Post-Service Claims.

E. TIMING OF NOTIFICATION OF BENEFIT DETERMINATION

- 1. In general. Except as provided in paragraph E.2., if a claim is wholly or partially denied, the Claimant shall be notified in accordance with paragraph F. herein, of the Adverse Benefit Determination within a reasonable period of time, but not later than 90 days after receipt of the claim by the Plan or the Plan's Designee, unless it is determined that special circumstances require an extension of time for processing the claim. If it is determined that an extension of time for processing is required, written Notice of the extension shall be furnished to the Claimant prior to the termination of the initial 90-day period. In no event shall such extension exceed a period of 90 days from the end of such initial period. The extension Notice shall indicate the special circumstances requiring an extension of time and the date by which the benefit determination will be rendered.
- 2. The Claimant shall be notified of the determination in accordance with the following, as appropriate.
 - a. Urgent care claims. In the case of a Claim Involving Urgent Care, the Claimant shall be notified of the benefit determination (whether adverse or not) as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the claim unless the Claimant fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the Plan. In the case of such a failure, the Claimant shall be notified as soon as possible, but not later than 24 hours after receipt of the claim, of the specific information necessary to complete the claim. The Claimant shall be afforded a reasonable amount of time, taking into account the circumstances, but not less than 48 hours, to provide the specified information. Notification of any Adverse Benefit Determination pursuant to this paragraph shall be made in accordance with paragraph F. herein. The Claimant shall be notified of the benefit determination as soon as possible, but in no case later than 48 hours after the earlier of:
 - 1) Receipt of the specified information, or
 - 2) The end of the period afforded the Claimant to provide the specified additional information.
 - b. Concurrent care decisions. If an ongoing course of treatment has been approved to be provided over a period of time or number of treatments:
 - 1) Any reduction or termination of such course of treatment (other than by Plan amendment or termination) before the end of such period of time or number of treatments shall constitute an Adverse Benefit Determination. The Claimant shall be notified in accordance with paragraph F. herein, of the Adverse Benefit Determination at a time sufficiently in advance of the reduction or termination to allow the Claimant to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated.
 - 2) Any request by a Claimant to extend the course of treatment beyond the period of time or number of treatments that is a Claim Involving Urgent

Care shall be decided as soon as possible, taking into account the medical exigencies. The Claimant shall be notified of the benefit determination, whether adverse or not, within 24 hours after receipt of the claim, provided that any such claim is made at least 24 hours prior to the expiration of the prescribed period of time or number of treatments. Notification of any Adverse Benefit Determination concerning a request to extend the course of treatment, whether involving urgent care or not, shall be made in accordance with paragraph F. herein, and appeal shall be governed by paragraph H.2.a., H.2.b., or H.2.c., herein as appropriate.

- c. Other claims. In the case of a claim that is not an urgent care claim or a concurrent care decision the Claimant shall be notified of the benefit determination in accordance with the below “Pre-Service Claims” or “Post-Service Claims,” as appropriate.
 - 1) Pre-Service Claims. In the case of a Pre-Service Claim, the Claimant shall be notified of the benefit determination (whether adverse or not) within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim. This period may be extended one time for up to 15 days, provided that the Plan or the Plan’s Designee both determines that such an extension is necessary due to matters beyond its control and notifies the Claimant, prior to the expiration of the initial 15-day period, of the circumstances requiring the extension of time and the date by which a decision is expected to be rendered. If such an extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the Notice of extension shall specifically describe the required information, and the Claimant shall be afforded at least 45 days from receipt of the Notice within which to provide the specified information. Notification of any Adverse Benefit Determination pursuant to this paragraph shall be made in accordance with paragraph F. herein.
 - 2) Post-Service Claims. In the case of a Post-Service Claim, the Claimant shall be notified, in accordance with paragraph F. herein, of the Adverse Benefit Determination within a reasonable period of time, but not later than 30 days after receipt of the claim. This period may be extended one time for up to 15 days, provided that the Plan or the Plan’s Designee both determines that such an extension is necessary due to matters beyond its control and notifies the Claimant, prior to the expiration of the initial 30-day period, of the circumstances requiring the extension of time and the date by which a decision is expected to be rendered. If such an extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the Notice of extension shall specifically describe the required information, and the Claimant shall be afforded at least 45 days from receipt of the Notice within which to provide the specified information.
- d. Calculating time periods. For purposes of paragraph E. herein the period of time within which a benefit determination is required to be made shall begin at the time a claim is filed, without regard to whether all the information necessary to make a benefit determination accompanies the filing. In the event that a period of time is extended as permitted pursuant to paragraph E.2.c. above due to a Claimant's failure to submit information necessary to decide a claim, the period for making the benefit determination shall be tolled from the date on which the Notification of the extension is sent to the Claimant until the date on which the Claimant responds to the request for additional information.

F. MANNER AND CONTENT OF NOTIFICATION OF BENEFIT DETERMINATION
