Policy Statement

In accordance with guidelines established by the Interagency Committee on School Construction (IAC), the Superintendent of Schools will annually arrange to have an Educational Facilities Master Plan developed.

In conjunction with reflecting the needs of the current and projected instructional program, the Educational Facilities Master Plan will incorporate population projections, enrollment projections, site acquisition needs, an inventory of facilities, community development, and recommendations on major capital expenditures for a long-term school construction program. The Educational Facilities Master Plan will be updated annually and be submitted to the IAC by July 1 of each year.

Local, state and federal government officials shall be involved in public school facilities planning as required by law.
