

The Board of Education encourages each student to...

1. Achieve a feeling of self-worth.
2. Accept the worth and dignity of all people.
3. Be creative in his/her selected fields of endeavor.
4. Develop a positive attitude toward the rights and privileges of participating citizenship and understanding of the responsibilities involved.
5. Grow as a responsible member of his/her family and recognize the family as the basic social unit.
6. Attain and preserve good physical and mental health.
7. Plan for and appreciate the wise use of leisure time.
8. Develop and maintain a positive attitude toward the learning process.
9. Develop skills and abilities to communicate ideas and feelings.
10. Acquire habits of analytical thinking and problem solving.
11. Achieve his/her potential in the basic academic areas.
12. Develop skills necessary to utilize all available educational resources.
13. Understand the American economic system and its relationship to a productive life.
14. Realize the roles of vacations in society and understand the changing opportunities open to him/her.
15. Utilize guidance and counseling services to help with vocational planning.
