Dear Parent/Guardian of _____ Grade: _____

This notification is to inform you that your child has accumulated at least **5** days of unlawful absences from school. Absences due to a quarantine do not constitute an unlawful absence and are not reflected in the number of unlawful absences.

Regular school attendance is expected of all students in the Allegheny County Public Schools. School attendance is directly related to school achievement. In order to maximize academic achievement, there must be a unified effort by all school staff, parents, students, and the community to improve overall school attendance. School administrators, teachers, and support staff are expected to make all reasonable attempts to assist students and parents in addressing those factors which cause students to be absent from school.

When a student has unlawful absences from school for 5 days, the school attendance committee will review the student's absences and may invite the student's parents to come to the school for a conference. Should a conference be needed, your child's school will contact you to schedule your conference.

It is our hope that by working together we can provide the best education possible for your child. If you have any questions concerning this notice, please contact the school administration.
